Matthew Cusick will present both his recent "Map Paintings," in which he constructs images by embedding fragments of vintage twentieth-century maps onto prepared wood panels, and an ongoing related video entitled "File on Motor Transgression," which is a chronological video montage of car-chase sequences that together create a continuous journey through America via the lens of Hollywood. Mr. Cusick will speak about his educational experience and professional development as an artist through the presentation of his art.

Note: Matthew Cusick's exhibition "The Map Paintings" is on view until December 5th at Kent gallery, 541 West 25th Street, New York, NY 10001, Tel: 212.627.3680. Please try to visit the exhibition before the lunch talk.
